Claim 18 is rejected under 35 U.S.C. 103(a) as being unpatentable over Pollard in view of Iwasaki and Uwabo.

Pollard computer includes drive bay 12 to receive disk drive or housing 22 having a port 11 for optical disk insertion. It would have been obvious to form port 12 to receive a pc card in view of the card ports 53 of Uwabo and 31, 34 of Iwasaki. This would only be obvious change of one type inserted disk for another. Reference to "rack" and "racks" defines no specific details to overcome references.

Claim 18 is rejected under 35 U.S.C. 103(a) as being unpatentable over Kaneda in view of Darden.

Kaneda includes card device with housing and ports for cards to communicate with a computer, see figs. 2, 7, 4, 5. Obvious to use Kaneda with computer drive bay sine that would be normal manner of use. In addition use of plug in component and ^{drive}~~are~~ bay depicted by Darden. Obvious to use Kaneda with receiver of this general type as would be standard. Reference to "rack" and "racks" does not define over such drive bay.

Arguments presented have been reviewed but do not seem directed to claim 18.

Claims 1, 3-11, 13-17 are allowed.

The following is an examiner's statement of reasons for allowance: The reasons stated in Remarks as to "rails" and "plural slots", in context of each claim, are persuasive of patentability for the allowed claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication should be directed to Neil Abrams at telephone number (571)272-2089.
